## 2. Verify your email

## 3. Select a signal provider by clicking on the View signal button.

Pick the Aggressive strategy if you want a high risk / high reward strategy.

Pick the Chill Strategy for the most secure and steady growth of your account.

If you want something in between, pick the Chill strategy and customize the risk settings in the copier. (More details below)

The screenshot shows the 'Signals' page in a trading application. The page has a dark theme and includes a sidebar with navigation icons. At the top, there are buttons for 'Open a trading account' and 'Manage Renewals'. The main content area is titled 'Available Signals' and contains a table with two rows of signal providers. Each row includes a 'View Signal' button. The table data is as follows:

Name	Growth	Profit	Balance	Equity	Chart
Aggressive Strategy	4.05%	4,396.50	7,538.46	112,835.70	
Chill Strategy	0.09%	8.71	508.71	10,008.71	

4. Once you've selected the strategy, click on the Follow Signal button

The screenshot shows the 'Chill Strategy' page. On the left, under 'Account Details', the following information is displayed:

- Growth: **0.02 %**
- Profit/Loss: **2.09 USD**
- Balance: **502.09 USD**
- Equity: **10,002.09 USD**
- Equity Percentage: **1,992.09 %**

Updated: 2024-03-07 10:09

On the right, under 'Performance Charts', there is a line chart showing growth over time. The y-axis ranges from 0.01% to 0.04%. A blue line shows a steady increase from approximately 0.02% on 2024-03-06 to 0.02% on 2024-03-07. A yellow square is visible on the chart area.

In the top right corner, there are two buttons: 'Open trading account' (blue) and 'Follow Signal' (green, highlighted with a red box).

5. Your strategy has now been selected you can now go to the accounts page

The screenshot shows the 'Signals' page. At the top, there are buttons for 'Open a trading account' (blue) and 'Manage Renewals' (blue). Below these, there is a search bar and a dropdown menu set to '25 records per page'. The main content is a table of signals:

Signal	Provider Name	Email Alerts	Trade Copier	Access Terms	Expires
Chill Strategy (1010604)	Trading Replica	✗	✓	Performance billing: <b>20 % of profit</b> per month	2024-04-08

Showing 1 to 1 of 1 entries

Below the table, there is a section titled 'Available Signals' with a table of signal details:

Name	Growth	Profit	Balance	Equity	Chart
Aggressive Strategy	3.00%	3,253.30	6,395.26	111,692.50	
Chill Strategy	0.02%	2.09	502.09	10,002.09	

Each row in the 'Available Signals' table has a 'View Signal' button (blue) to its right.

6. You can add your XL Trades AMA account or if you haven't opened one yet, click on the open account button and you'll be redirected to the broker website.

The screenshot shows the 'Accounts' page in a trading platform. The left sidebar contains navigation options: Dashboard, Signals, Configurator, Accounts (highlighted), Trade Copier, Equity Monitors, Email Alerts, Analysis, and Help Center. The main content area is titled 'Accounts' and displays the message 'No accounts have been added'. Below this message, there is a paragraph explaining that users can add any MT4/5 broker account, and they need to submit their MT4 login credentials. It notes that for email alerts, only the investor password is needed, but for copy trades, full trading rights are required. Two buttons are provided: '+ Add Account' and 'Open a trading account'. Below the buttons, there is a section titled 'How do I add an account?' with a sub-heading 'Here you can find the documentation on how to add an account.' and a 'Documentation' button. On the right side, there is a 'Have a question?' section with a question mark icon, a link to the 'Knowledge base', and a 'Contact form' button.

7. Fill the form with the information provided by the broker. The copy service is restricted to XL Trade AMA accounts only.

The screenshot shows the 'Add Accounts' form in a trading platform. The left sidebar contains navigation options: Dashboard, Signals, Configurator, Accounts (highlighted), Trade Copier, Equity Monitors, Email Alerts, Analysis, and Help Center. The main content area is titled 'Add Accounts' and displays the message 'My Accounts'. Below this message, there is a 'Feature notice' box stating: 'You must select your account type before the broker list appears. When selecting a Metatrader version, the list of brokers available will be altered to match the type selected.' The 'Add Account' form contains the following fields: 'Account Type' with radio buttons for 'Metatrader 4 (MT4)' (selected) and 'Metatrader 5 (MT5)'; 'Descriptive Name' with the value 'Main account'; 'Account Number' with an empty field; 'Account Password' with an empty field; 'Broker Name' with a dropdown menu showing 'Chimara'; and 'Broker Server' with a dropdown menu showing 'Chimara-SRV01'. An 'Add Account' button is located at the bottom of the form.

## 8. Verify that your account has been added

The screenshot shows the 'Accounts' page in a trading platform. At the top, there are buttons for '+ Add Account' and 'Open a trading account'. Below these is a table with the following columns: ID, MT, Name, Account, Equity Monitors Active, and Active / Total Symbols. The table contains one entry: a green checkmark, a redacted ID, 5 MT, 'Main account', a redacted account name, 0 Equity Monitors Active, and 192 / 192 Active / Total Symbols. At the bottom of the table, it says 'Showing 1 to 1 of 1 entries'.

9. You can now configure the copier. Make sure that the risk type is set to "Risk multiplier by equity". If you want more ROI, you can increase the Multiplier to create a Dynamic strategy. **DO NOT SET IT HIGHER THAN 2.5**

The screenshot shows the 'Create Copier' page in a trading platform. The page has a navigation sidebar on the left with options like Dashboard, Signals, Configurator, Accounts, Trade Copier, Equity Monitors, Email Alerts, Analysis, and Help Center. The main content area is titled 'Create Copier' and contains a form for 'Create New Trade Copier'. The form has the following fields: 'Copy from' (Chill Strategy), 'Send to' (Main account), 'Risk Type' (Risk multiplier by equity), 'Multiplier' (1), and 'Copy Existing Trades' (No). There is a checkbox for 'I have read the T&C's' which is checked. At the bottom of the form is a 'Create Copier' button.

10. Verify that your account has been successfully linked. At this point the copy is not active yet.

The screenshot shows the 'Copiers' management interface. At the top, there is a '+ Create Copier' button and a 'Columns' button. Below this, a dropdown menu is set to '25 records per page' and a search bar is present. The main content area features a table with the following data:

Send To Name	Send To Number	Risk Type	Direction	
Main account	[REDACTED]	Risk multiplier by equity @ 1.00	→	[Stop] [Settings] [List] [Delete]

At the bottom of the table, it says 'Showing 1 to 1 of 1 entries' and includes pagination controls for page 1.

11. You can now activate the copy by clicking on the stop button. Set the Copier Mode to ON and click on update.

This screenshot shows the same 'Copiers' interface as above, but with a modal dialog box open. The dialog is titled 'Set Mode for Main account' and contains the following options:

- Copier Mode ON
- Monitor existing trades only
- OFF

An 'Update' button is located at the bottom right of the dialog. The background interface is dimmed.

12. Final verification ! Click on the settings button and check that the settings are correct. You can update the Multiplier at any time. **Make sure you update this parameter at the end of day and never above 2.5.** Feel free to explore the menu to configure the email alerts and equity monitor.

The screenshot shows the 'Risk Settings' configuration page for a trading account. The page is titled 'Chill Strategy (1010604) > Main account (██████)' and includes a 'Help' button in the top right corner. On the left, there is a navigation menu with options: 'My Copiers', 'General', 'Risk Settings' (highlighted), 'Stops & Limits', 'Disable Symbols', and 'Map Symbols'. The main content area is titled 'Risk Settings' and contains the following configuration options:

Reverse Trades	No	▼
Risk Type	Risk multiplier by equity	▼
Multiplier	1	
Slippage	100	
Max Lot	10000	
Force Min Lot	No	▼

An 'Update' button is located at the bottom of the settings panel.

**Congratulations !**  
**You are now ready.**
